

11-30-06

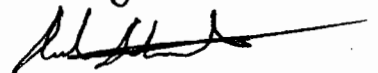

Dear Mr. Natate,

Sorry for the lateness in my response. I want you to know that I did receive the second package you sent. It was shared among the members of MMA-461's flightline shop. We greatly appreciate all you are doing for us. I am personally thanking you for everything because words cannot describe how grateful I am of your support. Little things that you all do can greatly boost morale.

I would also like to thank you for all the motivating emails I have received from you. It all shows me that we are supported contrary to what is shown on the news back home. I will do my best to continue to defend the great people of the United States. I will also continue to fight for those who do not support us because that is a right that is taken advantage of. My work will continue until this war on terror is over.

Until next time, God Bless You and Semper Fidelis.

Sincerely,

Sgt USMC
